I think this change needs to go into the sharepoint file that Shamus shared, too. Thanks!

Thoughts on #5 below. Thanks! I didn't review the rest, but happy to do so if you need eyes.

Importance: High

Hi Kimberly,

We got a few more questions from E&E news. I ran the last two questions by RD Catherine Aubee and Kerry Leifer, but would like your feedback on Q5. I also incorporated your edits and feedback below. Still aiming to meet the Wednesday deadline, so the turnaround is still pretty quick on these. I appreciate all your help!

Hi Kimberly and Erin,

Just sharing modified answers after Shamus' review (mostly wording edits and adding that link to FDA at the end). Let me know if we are still good to go with these.

Rhina,

I don't have any comments on your proposed answers. They look pretty high level and as far as I know accurate. I'm cc'ing some of my colleagues for their awareness.

Erin
